

ASX Release

TALi Research Projects Update

TALi Digital and Monash University provide the following update in relation to the finalisation of existing research projects involving the parties and the transfer of intellectual property (IP).

The research projects for TALi TRAIN and TALi DETECT, which involved Monash and TALi, have been completed. Monash and TALi Digital have agreed to assign Monash's IP in TALi TRAIN and TALi DETECT to TALi Health Pty Ltd (a subsidiary of TALi Digital Limited), with the Company paying an undisclosed (confidential) fee for the assignment.

All future updates regarding the TALi technology including research and data from research lead by TALi will emanate directly from TALi Digital Limited.

TALi Digital takes this opportunity to thank Monash University for its contribution to the TALi technology story.

Monash takes this opportunity to wish TALi Digital all the best in their future pursuits.

All enquiries regarding this announcement should be directed to the Managing Director of TALi Digital Limited, Mr. Glenn Smith.
